

SAURABH BHASKAR

SOFTWARE DEVELOPER

Lok Nayak Jai Prakash Institute of Technology | iamsaurabhbhaskr@gmail.com

SUMMARY

Passionate Java Backend and Frontend Developer with strong problem-solving and fast-learning abilities. Skilled in building user-friendly and scalable applications using modern web technologies and Java development. Possesses excellent communication, teamwork, and leadership skills, with a focus on delivering efficient solutions and great user experiences.

TECHNICAL SKILLS

C & C++	Java	Spring Boot (Learning)
HTML & CSS	OOPs	MySQL
Javascript	JDBC & SWING	Git & GitHub

PROJECTS

Portfolio Website

- Built a responsive personal portfolio website using HTML, CSS, and JavaScript.
- Added animated text effects, popup navigation sections, and clickable social media links.
- Designed a modern black-and-purple UI with mobile-friendly layout and smooth interactions.

University Management System

- Java Swing, JDBC, MySQL, H2 Database
- Developed a desktop-based University Management System using Java Swing.
- Implemented login, student management, teacher management, leave management, examination, and fee modules.
- Added local H2 database fallback so records can be saved even when MySQL is unavailable.
- Integrated MySQL Connector, JCalendar, and custom DbUtils support for table data display.
- Customized splash screen, dashboard background, and About page with personal details.
- Uploaded and maintained the complete project on GitHub.
